

25th Life Science Job Fair

20th May 2026
10.00 am - 5.30 pm

**German Cancer Research Center
Heidelberg
Im Neuenheimer Feld 280**

Meet more than 20 biotech companies
Career talks, hands-on workshops,
CV checks, spin for prizes & plenty more
waiting for you!

Organizer:

Kindly supported by:

Free entry

WELCOME

» *BioContact e.V.*

We are delighted to welcome you to **CONTACT2026**, the most successful life science job fair in the Rhine-Neckar region, taking place at the **Communication Center of the German Cancer Research Center (DKFZ)**.

This year, over 20 renowned global companies, as well as regional organizations and startups from across the life science sector, are joining CONTACT. Take advantage of the relaxed and interactive atmosphere to connect with company representatives, learn about their work, explore career paths, and discover potential entry opportunities.

In addition to networking with companies, visitors can benefit from a diverse supporting program. Join our career workshops to improve your application skills, receive personalized CV reviews, and have a professional application portrait taken by our photographer. You can also explore current opportunities on our job wall and attend company presentations in the main lecture hall on the ground floor and the gallery on the first floor.

CONTACT takes place at one of the world's leading biomedical research institutes, the German Cancer Research Center (DKFZ). Located in Heidelberg's vibrant research environment alongside institutions such as the European Molecular Biology Laboratory (EMBL), the Max Planck Institutes, and Heidelberg University, the event provides an inspiring setting for scientific exchange and career networking.

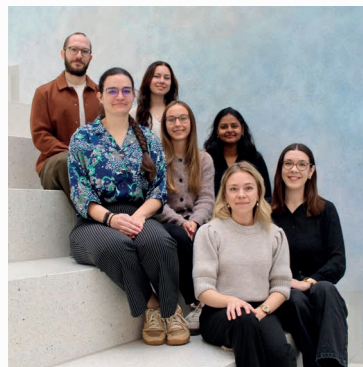

We would like to thank the DKFZ Executive Board, Prof. Dr. Dr. Michael Baumann and Ursula Weyrich, for their continued support. We are also grateful to all members of BioContact e.V. whose dedication made this event possible.

If you have any questions, please visit the information desk at any time.

We wish all visitors and company representatives a rewarding and successful experience at CONTACT2026.

Sincerely,

Your BioContact e.V. Team

WELCOME

» DKFZ board

Dear participants,

Welcome to CONTACT2026 – we are delighted to host you at DKFZ for this year's life science career fair.

Scientific careers are becoming increasingly diverse, opening up a wide range of opportunities both within and beyond academia. CONTACT2026 provides a space to navigate this evolving landscape: to discover new perspectives, engage in open dialogue, and gain first-hand insights into different professional environments.

By bringing together students, doctoral researchers, postdocs, and young professionals with representatives from industry, publishing, consulting, and startups, the fair fosters meaningful exchange across disciplines and career stages. Whether you are at the beginning of your journey or already shaping your next step, CONTACT offers the chance to ask questions, challenge expectations, and explore new directions.

We hope you leave this event with fresh ideas, valuable connections, and greater clarity for your future path. We wish you an inspiring and successful CONTACT2026.

Sincerely,

Prof. Dr. med. Dr. h. c. Michael Baumann
Chairman and Scientific Director

Ursula Weyrich
Administrative Director

PROGRAM

»» Ground Floor / Stage 1

- 10.20-10.30 **Welcome** by BioContact e.V. and Prof. Dr. Nina Papavasiliou
- 10.30-11.00 **BioMed X** | Dr. Stefanie Bärthel
The BioMed X model: combining the best of academia and in industry for drug discovery
- 11.00-11.30 **BASF** | Dr. David Martin Maurer
Bioscience Research & Career @ BASF
- 11.30-12.00 **Scitaris** | Hugo McGurran
Transition from Academia to Industry - working as a Biopharma Strategy Consultant at Scitaris
- 12.00-12.30 **HOX** | Dr. Morna Gruber
Becoming a Lab Head in the Life Science Industry: What It Means - and How to Get There
- 12.30-13.00 **Break**
- 13.00-14.15 **Panel discussion**
AIRNA, Bayer, DKFZ, HOX, Sanofi, Scitaris
Finding a Job in Turbulent Times: Practical Strategies for Entering the Life Science Industry
- 14.15-14.30 **Networking break**
- 14.30-15.00 **Lilly** | Stephan Borghorst
TBC
- 15.00-15.30 **DKFZ** | Dr. Barbara Janssens
Career Paths in the Life Sciences
- 15.30-16.00 **ZS** | Krutika Gohil, Aurelia Saftien, Ashleigh Wilson
ZS Associates - Journey from Academia to Life-Science Consulting
- 16.00-16.30 **Sanofi** | Katrin Köhler
 *Sanofi - Dein Einstieg in ein forschendes Biopharma-Unternehmen*

PROGRAM

» First Floor / Stage 2 (K1/K2)

- 10.45-11.00 **AIRNA** | Dr. Jürgen Müller
AIRNA's RNA editing therapeutics offer new exciting opportunities
- 11.00-11.30 **Patentkanzlei ULLRICH & NAUMANN** | Dr. Michael Heimes
Patent attorney - working at the interface of scientific innovation and commercialization through the protection of intellectual property
- 11.30-12.00 **GenScript** | Sunny Feng
From Academia to Industry: A Mindset Shift Worth Knowing
- 12.00-12.30 **Rentschler Biopharma** | Jana-Marie Lerch and Lukas Döring
Write Your Story with Rentschler Biopharma
- 12.30-13.00 **Break**
- 13.00-14.15 **Panel discussion on Stage 1**
- 14.15-14.30 **Networking break**
- 14.30-15.00 **Spektrum der Wissenschaft** | Dr. Frank Schubert
 *Als WissenschaftsredakteurIn arbeiten*
- 15.00-15.30 **InfectoPharm** | Vesna Brabez and Dr. Denise Grieshofer
 *Ihre Karrieremöglichkeiten bei InfectoPharm*
- 15.30-16.00 **Catalent Pharma Solutions GmbH** | Anita Ihrig
 *Karrierestart in der pharmazeutischen Industrie - Catalent*

ORGANIZER

» *BioContact e.V.*

... we have been connecting for more than 25 years

BioContact e.V. was founded in Heidelberg in the summer of 2000 by PhD students and alumni of the German Cancer Research Center (DKFZ).

Our goal is to provide a platform for young scientists to get in touch and establish networks with industrial companies working in the fields of life science, medicine and pharmaceuticals. In doing so, we offer young scientists career opportunities and help them to intensify their contacts with potential future employers. The CONTACT job fair, designed to directly bring company representatives and scientists together, is the main event organized by BioContact e.V. each year. With great support from the German Cancer Research Center, the CONTACT job fair became one of the most successful life science job fairs in the Rhine-Neckar metropolitan area.

In addition to the CONTACT job fair, we also organize career-oriented seminars, workshops as well as individual company presentations within our monthly „In Contact With“ (ICW) event series.

Contact:

BioContact e.V.

ORGANIZER

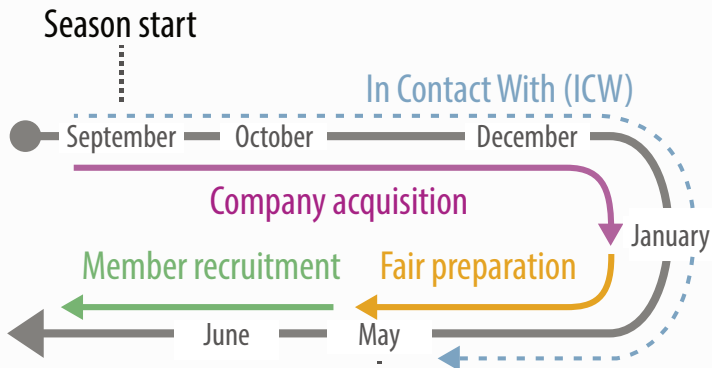

» BioContact e.V.

Join BioContact and take an active role in making the next job fair a success. As a member, you'll connect with life science companies - both global players and start-ups - while developing skills in event planning, PR, IT, and design.

Membership also offers training workshops, networking opportunities, and social events where you can gain career insights from BioContact alumni. We look forward to welcoming you to the team!

Curious about a season at BioContact?

Check out our timeline for an overview - but there's even more happening behind the scenes!

CONTACT2026

PROGRAM

» Panel discussion

Finding a Job in Turbulent Times: Practical Strategies for Entering the Life Science Industry

This panel will focus on real-world, actionable guidance, including:

- Current hiring trends and challenges in the life science sector
- Practical strategies to secure roles during economic uncertainty
- How to transition from academia to industry successfully
- Skills and profiles companies are actively looking for
- Networking, applications, and interview tips from industry professionals

Our goal is to provide honest insights and practical advice that help you navigate the job market with confidence.

Get the answers you are looking for in our panel discussion at the CONTACT2026 at 13:00 – 14:15 on **stage 1 (ground floor)** with representatives of:

- AIRNA - Dr. Jürgen Müller
- Bayer - TBC
- DKFZ - Dr. Barbara Janssens/Marion Gürth
- HOX - Dr. Morna Gruber
- Sanofi - Katrin Köhler
- Scitaris - Sarah Oelsner

PROGRAM

» External speakers

Patentkanzlei ULLRICH & NAUMANN

Patent attorney – working at the interface of

scientific innovation and commercialization through the protection of intellectual property

11:00-11:30 | K1/K2 | Dr. Michael Heimes

ULLRICH & NAUMANN

GEWERBLICHER RECHTSSCHUTZ · INTELLECTUAL PROPERTY

Jobs relating to the commercialization of innovations offer highly attractive career options for scientists and the protection of intellectual property (IP) is pivotal in bringing scientific innovations to the market. IP Professionals are typically technology experts, who make use of their scientific background to work hand in hand with other scientists in the quest to successfully commercialize their innovations and inventions. While the patent attorney profession plays a key role in this process, other opportunities to work at the interface of innovation and commercialization exist. This presentation will illustrate the work profile/training requirements of a patent attorney and will give a cursory overview regarding possible other job options relating to the protection and commercialization of IP.

Spektrum der Wissenschaft

Als WissenschaftsredakteurIn arbeiten

14:30-15:00 | K1/K2 | Dr. Frank Schubert

Spektrum
der Wissenschaft

Was machen WissenschaftsjournalistInnen? Wie sieht die tägliche Arbeit in einer Wissenschaftsredaktion aus? Welche Vor- und Nachteile bietet dieser Beruf, was erfordert er, und welche Einstiegsmöglichkeiten gibt es gerade für QuereinsteigerInnen? Frank Schubert, Redakteur bei »Spektrum der Wissenschaft«, stellt den Verlag und den Berufsalltag vor und beantwortet Ihre Fragen dazu.

PROGRAM

» Workshops

Are you ready to start your career journey and improve your job application skills or case-cracking abilities? The CONTACT2026 fair offers a variety of workshops that will provide valuable insights to help you succeed in the job market.

Job Fair Preparation Courses:

Get ready to shine at the Job Fair! Join our **Job Fair Preparation Workshop** to master making a great first impression, preparing your resume and materials, and researching employers like a pro. Learn essential communication techniques and craft a strong elevator pitch—skills that will boost your confidence for the fair and future job interviews!

In addition to the workshops, we're offering two special courses to help you prepare for the fair and make a strong impression. Choose between an **English (20.04)** course held online or a **German (29.04)** course held in the DKFZ main building. These courses will give you the tools to make the most out of CONTACT2026. Sign up for your preferred workshop and get prepared to take the next step in your career.

Workshops at the fair:

The workshops will be held in small groups, providing a relaxed and interactive environment, and they are completely free of charge.

Workshop Attendance Info:

- If you've registered for a workshop, please arrive at the Biocontact Workshop desk (small hall/ see the **map**) **at least 15 minutes before your session**. Seats will be given to others if you do not show up on time.
- If you can't attend, please cancel your registration via the link in the registration confirmation email before **17.5.2026 11:59 p.m.** so we can offer your spot to someone else.

If you have any questions or need further information, feel free to email us at **workshops@biocontact.info** or stop by the BioContact workshop desk.

Did you not get a slot in a workshop in advance? Depending on availability, you may have the chance to sign up for a workshop on short notice on the day of the job fair. Please check out the Workshop desk of BioContact.

If you have any questions or need further information, feel free to check our **FAQ** page and email us at **workshops@biocontact.info** or stop by the Workshop desk. We're happy to assist you. Make the most of your CONTACT2026 experience.

PROGRAM

»» *Fair preparation workshops*

MLP

Workshop „From Planning to Performance – mastering fairs with success“

20.04.2026 | 18.00 – 20.00 | Fabian Schrader and Buket Ayer

English | Online with Microsoft Teams

Key Learnings:

1. Optimizing Rhetoric:

- Communication techniques for persuasive presentations.
- Dealing with stage fright and building self-confidence.

2. Perfect Application:

- Creating impactful application documents (also digital).
- Best practices for applications at CONTACT2026.

3. Preparation for the Perfect Appearance:

- Planning and structuring conversations and networking.
- Creating an elevator pitch.

Why this workshop is important:

- **Maximize career opportunities:** Through professional rhetoric and targeted applications, you increase your chances for new professional perspectives.
- **Increased visibility:** With thoughtful preparation and self-presentation, you stand out from others.
- **Improved communication skills:** You learn to communicate clearly and convincingly, which is important both in conversations and presentations.
- **Strategic event preparation:** The workshop helps you effectively achieve your goals at CONTACT2026, whether for job offers or partnerships.

HORBACH

*Sich vorbereiten! Das perfekte Auftreten auf der Messe:
Life Scientists' Special*

 **29.04.2026 | 18.00 – 20.00 | Dominik Saulér,**

Dipl-Kfm, MBA, Vorstand Akademie für Schlüsselkompetenz e.V.

German | DKFZ

Zur Vorbereitung auf die CONTACT2026 bietet Ihnen dieser Workshop die Möglichkeit, Ihr Auftreten auf der Jobmesse zu perfektionieren und Ihren Besuch erfolgreicher zu gestalten:

- Wie mache ich einen überzeugenden ersten Eindruck?
- Was sollte ich vorbereiten?
- Welche Informationen über die ausstellenden Unternehmen sind für mich relevant?
- Wie wirke ich überzeugend?
- Welche Unterlagen sollte ich bereithalten?

Antworten auf diese und weitere Fragen erhalten Sie im Messevorbereitungsworkshop von Horbach Wirtschaftsberatung.

Dieses Jahr haben Sie zusätzlich die Möglichkeit, uns vorab Ihren Lebenslauf zukommen zu lassen, der vom Referenten im Vorfeld geprüft wird. Basierend auf Ihren Lebensläufen wird der Workshop auf Ihre Bedürfnisse zugeschnitten. Während des Workshops gibt der Referent bereits wertvolle Tipps zu Ihren Unterlagen. Danach erhalten Sie ein kurzes individuelles Feedback zu Ihrem Lebenslauf.

Senden Sie Ihren Lebenslauf bis zum 24.04.2026 mit dem Betreff „Horbach MVS“ an:
dominik.sauler@horbach.de.

PROGRAM

>> Workshops

DKFZ Career Service

(Strategic) Networking - from chore to fun priority

10:00 – 12:00 | Marion Gürth and Barbara Janssens

ATV | 30 participants

The importance and positive effects of networking are obvious: It enables collaborations, can open doors, facilitates career orientation and career transition. Regardless of this, it is too often perceived as a chore - we tend to let it slide, procrastinate and nothing happens. In this interactive workshop, we want to encourage you to get started. There is nothing to lose but a lot to win!

We will share and discuss hands-on tips and tricks on how to prepare for networking conversations, how to approach people best and how to follow-up to create long lasting relationships. A good prerequisite for effective networking is curiosity (which comes naturally to all scientists) and a mindset that everyone can learn to adopt. You will systematically analyze your already existing network (there is more than you might think!) and work on a strategy for using your network more effectively and expanding it in a targeted manner. Most importantly, you will have the chance to practice network conversations with your peers in a safe environment to eventually discover the fun aspects of it.

ZS Associates

Case Study with ZS - Cracking a Real-Life Case in Pharma

11:00 – 13:00 | Krutika Gohil and Alexander Hirth

DKFZ | 25 participants

Have you ever thought about joining a consultancy that specializes in your area of interest? ZS is a renowned consulting firm that specializes in the pharmaceutical and life sciences industry.

If you're interested in cracking a real-life business case within the life sciences field, then you should attend our Consultancy Case Cracking workshop. This two-hour workshop is designed to provide you with an honest look into our work, and an opportunity to gain firsthand experience in case preparation, frameworks, and life at ZS.

BioMed X Germany GmbH

Build Your CV & Project Proposal with BioMed X

12:30 – 13:30 | Suchismita Dutta Gupta Pal

ATV | 30 participants

In this interactive workshop, the BioMed X team will share practical tips on how to build a strong scientific CV and prepare a compelling research project proposal. Learn how to present your achievements, structure your ideas clearly, and communicate your research vision effectively. Participants will gain insights into what organizations and partners look for when evaluating candidates and project proposals, helping them position themselves for exciting opportunities in biomedical research.

PROGRAM

>> Workshops

Christelle Pillot

Navigating the Bridge: From Academia to Industry

A Strategic Approach for Doctoral Students and Early-Career Postdocs

13:00 – 14:00 | Christelle Pillot

DKFZ | 20 participants

Christelle Pillot is an experienced career change coach and consultant who specializes in helping international professionals navigate career transitions effectively. She is passionate about empowering individuals to identify their strengths, explore new career paths, and develop strategies for successful transitions.

With a background in Chemical Engineering and 15 years of experience in International Sales Management, Christelle brings a unique perspective to her coaching. Her own journey of transitioning from engineering to life coaching has equipped her with firsthand insight into the challenges and opportunities of career shifts. This makes her ideally suited to guide doctoral students and early-career postdocs transitioning from academia to industry, offering practical strategies and actionable advice.

As a multilingual coach fluent in English, German, and French, Christelle is skilled at working with diverse professionals across cultures. Her approach celebrates individuality, optimizes career potential, and strengthens professional connections. Through her coaching, she helps individuals uncover new sources of energy, clarity, and fulfillment in their careers and personal lives.

This workshop will provide you with actionable insights and practical strategies to successfully transition from academia to industry, focusing on identifying transferable skills, building a professional network, and crafting a compelling personal brand.

GenScript Biotech Corporation

Careers at the Interface of Science and Business:

*Technical Account Manager, Field Application Scientist
and Sales Account Manager for MSc/PhD Graduates*

13:30 – 15:30 | Dr. Shawn Wu and Dr. Dmitri Nikoulitchev

DKFZ | 30 participants

Curious about careers that let you stay close to science without staying at the bench? Join GenScript's interactive workshop to explore some key commercial roles in the biotech industry: Technical Account Manager, Field Application Scientist, and Sales Account Manager.

We'll walk you through what these jobs actually look like day to day, the skills and qualifications that help you succeed, and what to expect when transitioning from academia to a customer-facing scientific role. You'll also hear practical tips and an honest look at the career paths these roles can lead to.

If you're an MSc or PhD graduate exploring where science meets industry, this session will give you a clear, realistic picture of these exciting jobs.

PROGRAM

» Workshops

MLP

Workshop Gehaltsverhandlung für deinen erfolgreichen Berufsstart

 14:00 – 17:00 | Lara Knöbel & Emily Sinn

DKFZ | 30 Teilnehmer:innen

Überblick

Der erfolgreiche Einstieg in den Beruf erfordert nicht nur fachliche Kompetenz, sondern auch die Fähigkeit, sich selbst überzeugend zu präsentieren. Das Rhetorik- und Bewerbungstraining auf der Contact 2026 bereitet Sie optimal auf Vorstellungsgespräche, Networking und berufliche Kommunikation vor.

Trainingseinheiten und Inhalte

1. Bewerbungstraining

- Erstellung von professionellen Lebensläufen und Bewerbungsanschreiben
- Erfolgreiche Präsentation von Fähigkeiten und Erfahrungen

2. Rhetorik-Training

- Stärkung der verbalen und non-verbalen Kommunikationsfähigkeiten
- Umgang mit Lampenfieber und Nervosität

3. Interview-Coaching

- Simulation von Bewerbungsgesprächen
- Feedback und Verbesserungsvorschläge

4. Präsentationstechniken

- Visualisierungstechniken und Einsatz von Medien
- Stimme, Körpersprache und Präsenz als Schlüssel zum Erfolg

Vorteile des Trainings

- **Selbstbewusstes Auftreten** – Optimierung der persönlichen Kommunikationsstrategie
- **Gezielte Vorbereitung** – Praxisorientierte Tipps für Bewerbungsgespräche
- **Karrierebooster** – Steigerung der Chancen auf die Wunschstelle

PROGRAM

>> Workshops

HOX Life Science GmbH

Wie überzeuge ich im Assessment Center?

 15:00 – 17:00 | Dr. Morna Gruber

DKFZ | 30 Teilnehmer:innen

In der Pharma- und Biotechindustrie ist es erwünscht, dass naturwissenschaftliche Absolvent*innen nicht nur naturwissenschaftliches Fachwissen, sondern auch betriebswirtschaftliche Kenntnisse und Soft Skills wie Teamfähigkeit und Kommunikationsstärke mitbringen.

Pharmaunternehmen nutzen Assessment Center, um High Potentials für ihre Traineeprogramme zu identifizieren und prüfen in deren Rahmen, inwieweit betriebswirtschaftliches Denken, Kommunikationsstärke und Teamfähigkeit bei den Bewerber*innen vorliegt.

Da die Aufgaben und Interviewsituationen, auf die man im Assessment-Center trifft, sehr vielfältig und komplex sind, sollte man sich intensiv auf ein Assessment Center vorbereiten, wenn man Erfolg haben will.

In unserem Workshop bieten wir die Vorbereitung auf zwei Module eines Assessment Centers.

- Wir geben Euch einen Leitfaden und ein konkretes Beispiel für eine überzeugende Selbstpräsentation
- Wir erarbeiten mit Euch einen Business Case, so dass Ihr in Zukunft auch mit betriebswirtschaftlicher Denkweise überzeugen könnt

Wir freuen uns auf Euch!

Scitaris GmbH & Co.KG

Everyday life as a consultant:

Evaluate an early-stage drug opportunity!

15:00 – 17:00 | Marina Pekmezovic and Hugo McGurran

DKFZ | 25 participants

In the interactive workshop held by two of our Consultants at Scitaris you will gain insight into the everyday life of a R&D consultant. You will work on the scientific validation of a drug candidate by analyzing clinical trial data. From this, you will make business considerations for clinical drug development. In this workshop you will also have the chance to ask all your questions about biotech consulting in a Q&A session.

Wir freuen uns auf Euch!

PROGRAM

» Workshops

HORBACH

Train your decision-making skills

16:00 – 17:30 | Dominik Saulér

DKFZ | 30 participants

With this workshop, the participants learn to optimal shape the professional (as well as the personal) decision-making process by using various standardized methods. At the end of the course, the attendees know how to select the best alternative which fits best to the individual objectives out of a pool of possible options and how to consequently adopt it:

- Goal setting – which target state do I want to reach?
- Information searching – which information do I need in order to create a selection of alternatives?
- Determination of alternatives – which alternatives are there to reach the desired target state?
- Development of decision-making criteria – what is most important for me?
- Decision-making – how do I utilize my developed decision-making criteria in the best way possible?

PROGRAM

» Application portfolio check

A complete and compelling job application portfolio is key in order for you to get invited for an interview. But how to draft and compile contents correctly?

Meet the Human Resources experts of Agentur für Arbeit, Horbach, and Hesse/Schrader who will be at the CONTACT2026 to give you valuable advice, including 1:1 consulting on how to optimize your portfolio.

On top, you will have the chance to book a confidential online career interview, CV check, and general career guidance with PhD Career Consultancy only at the CONTACT26. These CV checks will take place online on 22.05.2026.

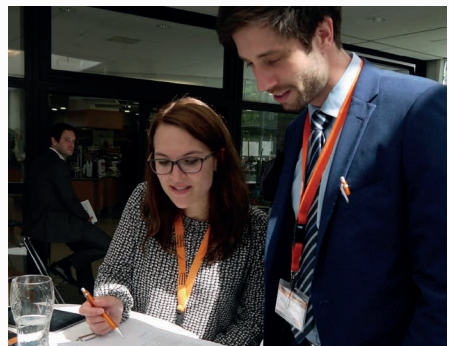

Registration info:

If you've registered for a slot, please arrive at the Biocontact Workshop desk (small hall/see **map**) **at least 15 minutes before your session**. The slot will be given to others if you do not show up on time.

If you can't attend, please cancel your registration via the link in the registration confirmation email at least **17.5.2026 11:59 p.m.** so we can offer your slot to someone else.

Did you not get a slot in advance? Depending on availability, you may have the chance to sign up for a portfolio check on short notice on the day of the job fair. Please check out the Biocontact Workshop desk (small hall/see **map**) of BioContact.

The portfolio checks with PhD Career Consultancy are only bookable directly at the Biocontact Workshop desk at the job fair. We are looking forward to assisting you with the registration!
For any further questions, please write an email to workshops@biocontact.info.

PROGRAM

» Application portfolio check

Agentur für Arbeit

*Wir checken das für Sie! Kommen Sie zur individuellen
Besprechung Ihrer Bewerbungsunterlagen zum Hochschulteam
der Agentur für Arbeit.*

Petra Kuhn und Ellen Winbauer

Dauer 30-40 min | 10 Teilnehmer:innen

Bundesagentur für Arbeit

Agentur für Arbeit Heidelberg

bringt weiter.

Das Hochschulteam der Agentur für Arbeit Heidelberg bietet Ihnen ein individuelles Feedback zu Ihren Bewerbungsunterlagen an.

- Überzeugt Ihr Anschreiben?
- Ihr Lebenslauf?
- Sind die Anlagen passend?
- Werden formale Kriterien erfüllt?

Wir erarbeiten mit Ihnen konkrete Vorschläge zu Ihrer überzeugenden Bewerbung.

HORBACH

Your suitable CV for your suitable position

Alexander Schröder & Madina Simbargov

Duration 30 min | 25 participants

HORBACH 

During this year's CONTACT2026 you can take advantage of our CV check. Your CV is your application's centerpiece. It should answer all questions concerning your qualifications, experiences and skills and at the same time it must be individual and brief:

- What are the most important parts of my CV?
- How can I express what I really want to say?
- What can I do in order to avoid misinterpretation?
- What if my CV is longer than two pages?
- How can I adapt and individualize my CV to different job offers?

During the 30 minutes CV check answers to those questions will be given by the experts of HORBACH Wirtschaftsberatung. Your documents will be analyzed and valuable tips regarding their content, your position relative to competitors and your career options will be given to you.

Your thesis should definitely be mentioned within your CV – but your CV should not be your thesis!

Send your CV with the subject “CV Checkup Contact2026” to dominik.sauler@horbach.de until the 15.05.2026.

PROGRAM

» Application portfolio check

Hesse/Schrader

Application Document Check

Dr. Branko Woischwill

Duration 20 min | 20 participants

Hesse/Schrader

Erfolg haben. Mensch bleiben.

For individuals interested in having their application documents reviewed, we are offering personalized consultation sessions. Advanced registration via the BioContact website is required. Instead of bringing your documents to the Techniker Krankenkasse booth, please arrive at the BioContact workshop desk ahead of time. For the sake of ensuring a quiet environment conducive to detailed consultations, the document checks will be conducted in a separate room away from the booths. Organizational staff will guide participants from the BioContact workshop desk to the consultation room.

PhD Career Consultancy

Confidential career interviews

Sarah Blackford

**PhD Career
Consultancy**

The career interviews will take place online on 22.05.2026. You will have the chance to book one of the highly demanded CV checks only at the CONTACT2026.

Duration 30 min | Online - Zoom | 10 participants

Registered delegates of CONTACT2026 will have the opportunity to book a confidential careers interview with a professional PhD career consultant* about any aspect of their career. This might be to receive guidance and advice on career plans, check your CV, discuss ways to develop your career, investigate ways to improve your job seeking strategy, help you to formulate a personal action plan, and any other aspects related to your career. The schedule allows for 10 career interviews, with each one lasting for up to 30 minutes. These will be allocated on a first-come first-served basis.

**Sarah Blackford is a certified academic career coach with a background in scientific research, publishing and higher education careers advisory work. She specializes in helping bioscience doctoral students and postdoctoral researchers to transition successfully to their next role, whether it's within or outside of academia. She has over 20 years' experience of delivering career workshops and one-to-one coaching in research institutions and universities and much of her advice and resources are published on her blog, www.biosciencecareers.org. A Senior Fellow of the Higher Education Academy and registered member of the Career Development Institute, Sarah adheres to a recognized ethical code of practice.*

Transforming lives one RNA
edit at a time

Company Profile

» AIRNA

Name	AIRNA Bio Germany GmbH
Industry sector	Biotechnology
Products, services	RNA therapeutics
Locations	AIRNA Bio Germany GmbH, Tübingen, Germany and AIRNA Corporation, Cambridge MA, USA
Date of foundation	2021
Number of employees	~70
Vacancies per year	2-5
Area of expertise	Biochemistry, Biotechnology, Chemistry, Pharmacy, Biosciences
Career opportunities	Direct Entry, Internship
Trainee program (positions/year)	No
Career homepage	https://airna.com/join-us/

AIRNA is an RNA editing therapeutics company advancing a new modality towards transforming the lives of patients with rare and common diseases. By leveraging a proprietary platform, AIRNA takes advantage of the body's own cellular editing machinery and makes very precise edits in RNA to change genetic information without touching DNA. RNA editing modifies the instructions for protein sequence and production in a novel manner compared to other technologies such as CRISPR. We are an international, multicultural, and interdisciplinary team, drawing on our diversity as a source of unique perspectives that deliver differentiated solutions.

Trainee program (positions/year)	Yes
Career homepage	www.basf.com/career

BASF is one of the world's leading chemical companies with headquarters in Ludwigshafen am Rhein, Germany, and 234 other locations in 93 countries around the globe. We produce a wide range of products and develop innovative solutions that are used in many different industries – from automotive to construction and agriculture.

Our vision is to help our customers achieve greater sustainability through our innovations. At the same time, we are transforming ourselves. We aim to be climate neutral by 2050 by doing everything in our power to make our production, energy use and products more efficient and sustainable.

But achieving great plans requires a strong team. Therefore, we are looking for colleagues who want to create something great and believe in the innovative power of big ideas. Does this sound like a mission that fits you? Then come on board and help us shape the future together.

Be You.
Be Bayer.

We're visionaries, driven to solve the world's toughest challenges and striving for a world where **Health for all, Hunger for none** is no longer a dream, but a real possibility.

There are so many reasons to join us. But if you're hungry to build a varied and meaningful career in a community of brilliant and diverse minds to make a real difference, there's only one choice.

*Health for all,
Hunger for none*

BioMed X is a leading innovation hub for pharma. With our global network of research institutes at top universities and incubators within pharmaceutical companies, we bridge the gap between academia and industry.

We are pioneers in applying the principles of design thinking and crowdsourcing to drug discovery and development. With our unique model, we identify key challenges across all therapeutic areas, recruit top academic talent, and co-create tailored solutions with our pharma partners.

In our stimulating ecosystem, early-career researchers grow into future scientific leaders. They perform exploratory research, deliver industry-grade results, and pave the way to next-generation therapies. At BioMed X, we value curiosity, diversity, and purpose. Our goal is to serve as a vital catalyst for innovation in global health for the benefit of all patients.

we are growing. WE ARE HIRING.

Catalyst + Talent

Our name combines these ideas. From drug and biologic development services, to delivery technologies to supply solutions, our skilled and dedicated global team of over 9,500 is passionate about improving health and wellness by combining their personal expertise and advanced technologies to advance science and supply products of the highest quality to customers and patients around the world. Catalent offers rewarding opportunities to further your career! Join the global drug development and delivery leader and help develop some of the nearly 200 products we launch each year or help supply over 7,000 products for patients around the world. Catalent is an exciting and growing international company where our professionals work directly with pharma, biopharma and consumer health companies of all sizes to advance new medicines from early development to clinical trials and to the market, for the benefit of patients globally.

Our VISION is to be the world's most trusted, reliable and innovative drug development and delivery partner by upholding the highest industry standards and exceeding customer expectations while driving strong, sustained growth for the company.

Our Mission is to develop, manufacture and supply products that help people live better, healthier lives.

Our values are at the foundation of our culture and everything we do:

- **Patient First:** We put patients at the center of our work to ensure the safety, reliable supply and optimal performance of our products
- **Customer Dedication:** We strive to exceed our customers' expectations every day
- **People:** We are committed to the growth, development and engagement of our people
- **Innovation:** We develop and apply innovative solutions, superior technologies and continuously improved processes
- **Integrity:** We demonstrate respect, accountability and honesty in every interaction
- **Excellence:** We have a passion for excellence in everything we do Training & Development

Catalent. More products. Better treatments. Reliably supplied

Career homepage	https://www.hox.de/

Just as HOX genes play a crucial role in embryonic development, at HOX Life Science we would like to make a vital contribution to the life science community. As a consulting agency we support life science companies with our holistic Human-Relation-Services and with our focus in marketing we help them to develop their brand as an employer.

On the other hand, we support Life Scientists in shaping their careers with numerous jobs in our Job Portal, our Career Services (CV optimization, interview training) and with Online Courses at the HOX Academy. Our Courses are designed to prepare you for the industry and help you expand your skill set. Our Business Administration Course gives you an insight into how companies operate and function and helps you to find your way in the industry. In our Project Management Course, you will learn how to plan life science projects with MS Project. You can find additional information about new jobs, the application process and facts about the life science industry on our LinkedIn, YouTube and Instagram Channels.

Our motto is: „Scientists supporting Scientists“

Wo Ihr Wissen wirkt.

„Nach meiner Promotion wollte ich mich ausprobieren und in einem Bereich arbeiten, der für mich Sinn macht.

Mein Arbeitsalltag ist bunt und vielseitig – ich betreue Produkte, die für die Gesundheit für jedes Alter und besonders für Kinder geeignet sind.

Kompetente Kollegen sind für mich da. Ich habe Verantwortung und fühle mich hier wertgeschätzt.“

Eli Lilly and Company (kurz Lilly) ist ein global agierendes forschendes Arzneimittelunternehmen mit mehr als 45.000 Mitarbeitenden weltweit. Gründer und Namensgeber des Unternehmens ist der Apotheker Eli Lilly, der den Konzern 1876 in Indianapolis (Indiana, USA) gründete. Hier befindet sich noch heute der Hauptsitz. Die wichtigsten Therapie- und Forschungsgebiete von Lilly sind Alzheimer-Demenz, Schmerz, Krebs, Immunologie, Diabetes und Adipositas. Die Lilly Deutschland GmbH ist ein Tochterunternehmen von Eli Lilly and Company mit Hauptsitz in Bad Homburg vor der Höhe (Hessen). Die deutsche Niederlassung wurde 1960 gegründet und beschäftigt mehr als 1.100 Mitarbeitende.

Wir bei Lilly wollen das alltägliche Leben der Menschen positiv verändern – durch das Erforschen von Medikamenten, durch ein besseres Verständnis für den Umgang mit Krankheiten und indem wir kranke Menschen, deren Familien und Freunde unterstützen. Um unserer Bestimmung zu folgen, verbinden wir Fürsorge mit Forschergeist und stellen die mehr als 51 Millionen Menschen, die weltweit auf unsere Medikamente angewiesen sind, in den Mittelpunkt unseres Handelns.

In unserer Geschichte haben wir bei Lilly zahlreiche wissenschaftliche Durchbrüche erzielt und lebensverändernde Medikamente und Therapieoptionen für einige der schwierigsten Gesundheitsprobleme unserer Zeit entwickelt.

For more than 35 years, MetaSystems has been developing and producing innovative solutions for automated microscopy and image analysis in the healthcare and biotechnology sectors. Our customers can be found in institutes, hospitals, universities, and research laboratories in more than 100 countries around the world. We operate globally in an international team and are headquartered near Heidelberg with several offices in Europe, North and South America, India, and China serving the respective regions. Our working atmosphere is characterized by team spirit, direct communication, close cooperation, and short decision-making processes.

DAY 1

Technical Internships

R&D, Engineering, Manufacturing, IT, QA

We are offering internship (mandatory or non-mandatory) or thesis projects with real impact on products that consumers around the world can't live without. You will invent, reapply and develop technologies required to support the production process of our world-class consumer products and for managing the company's billion-dollar capital investments.

During your internship you get to work on your own technical project and apply your skills and strengthen your capabilities. You will work with people of different nationalities and cultural backgrounds. We make sure that you gain support and mentoring in your professional development and will provide you with various training opportunities.

Our internships usually have a duration of 3-12 months and are open to all enrolled students who have completed their first two Bachelor semesters.

Innovative Stem Cell Therapies

Name	Rheacell GmbH & Co KG
Industry sector	Cell & Gene Therapy/Pharma
Products, services	Stemcell Therapy
Locations	Heidelberg
Date of foundation	2012
Number of employees	110
Vacancies per year	10
Area of expertise	Biosciences, Biochemistry, Biotechnology, Chemistry, Computer Science, Engineering, Mathematics, Medicine, Physics, Pharmacy
Career opportunities	Direct Entry
Trainee program (positions/year)	No
Career homepage	https://www.rheacell.com/en/career/

We are a leading, clinically advanced biopharmaceutical stem cell company with more than 20 years of experience at our Heidelberg, Germany site, dedicated to drug development based on ABCB5-positive (ABCB5+) mesenchymal stem cells as a platform technology.

Our focus is on the development of innovative stem cell therapies for patients suffering from severe immune- and inflammation-related diseases with high unmet medical need – particularly in the field of rare diseases. Our goal is to establish new therapeutic standards where satisfactory treatment options have not yet been available.

Our ABCB5-positive adult mesenchymal stem/stromal cells derived from the skin represent a characterized, highly purified active pharmaceutical ingredient - protected by patents and manufactured according to the highest quality standards (GMP/GfP/GLP). In certain indications, they have the potential to be a true game changer and a turning point in therapy. As a manufacturer of Advanced Therapy Medicinal Products (ATMPs) in accordance with Section 13 of the German Medicines Act (AMG), we develop and produce proprietary cell therapeutics that are currently in late-stage clinical trials.

We are open for your questions

We have a lot of answers to your questions about health insurance – right here on campus.

What will happen with my health insurance when I turn 25? What happens if I start a work placement or part-time job, or if I become a student trainee? What should I do if I'm planning to spend a semester abroad? What happens when I finish my studies or start work? What do I have to know as a university employee?

We will gladly advise you: every Thursday during the lecture period from 11 a.m. until 2 p.m. at the front desk of the Triplex-Mensa.

We will gladly advise you:

ANNOUNCEMENT

»» *In Contact With*

What comes after the CONTACT2026?

In CONTACT with...!

BioContact e.V. offers more than the CONTACT job fair. Throughout the year, we organize monthly company presentations providing a chance for young scientists to get "In CONTACT with" companies from different areas of life sciences, biotechnology, pharmaceutical research, strategy consulting and start-ups.

The "In CONTACT with" events are a platform for companies to introduce themselves to an interested, highly qualified audience and to provide information about career possibilities as well as the first steps of how to become part of their company. After each presentation, attendees have the unique opportunity to directly get "In CONTACT with" the speakers to ask questions in a relaxed atmosphere with drinks and snacks and to establish a personal contact with the company representatives.

We proudly look back on more than twelve years of this event series with renowned companies such as Roche, BASF, Merck, Sanofi, Procter & Gamble, AstraZeneca, Miltenyi, Scitaris and many more.

We will continue this highly successful event series in the future and look forward to seeing you there! Always stay up to date on LinkedIn (BioContact e.V.), Instagram (@biocontact), and of course on our website: www.biocontact.info.
